GLOBAL OPPORTUNITY WITHOUT BORDERS

ABOUT ME ▶▶▶▶▶

NAME: Ludwig Binder

TITLE: Gold Consultant

COUNTRY: Germany

FAMILY: Married, 2 children and 5 grandchildren

YEARS IN BUSINESS: 5 months

BUSINESS GOAL:

Ludwig plans to work with a local Hartz4 organization to provide the Immunotec opportunity for unemployed citizens and Immunocal® for people with health challenges.

ORGANIZATION:

90 Consultants in his Downline

Immunotec® has truly become a global opportunity without borders. Just ask **LUDWIG BINDER** of Germany. He was introduced to Immunotec in April by Executive Diamond Consultant Al Caccarile of New York, USA. Ludwig is a successful business entrepreneur with ties in design and development of luxury automobiles with Mercedes Benz and Franco Sbarro of Switzerland. Ludwig and Franco developed the Sbarro GTB Alcador using a Ferrari chassis that was considered a top aerodynamic design by the Automotive Industry Society in Geneva. The A.I.S. gave its top honor to the design team by placing an image of the GTB Alcador on a the twenty denomination Swiss Franc. He attributes his success to working with motivated teams on projects he is passionate about. For his Immunotec business,

Ludwig has used this same winning formula. He and his wife use the products and were impressed with positive improvements in their strength and stamina. Once he was introduced to the Immunotec business opportunity, he simply reached out to many of his trusted business partners sharing that opportunity. Ludwig's team of 90 is largely comprised of other business entrepreneurs with whom he has long standing personal ties. In the month of August three of his team promoted to gold; a testament to the entrepreneurial spirit that is thriving within his organization while building a lifetime of earning opportunity. Ludwig's counsel to new Consultants: "become passionate about the product and tell everyone that you know about the opportunity". He truly believes that Immunotec can and will "change your life". ☑

IMMUNOTEC
CAN AND WILL
CHANGE YOUR LIFE

HELPING OTHERS TO SUCCEED

DIANA STROUP is a volunteer full time minister who can continue her passion in ministry thanks to the success of her Immunotec business. She is married with one daughter and has a two-year old grandson. In her free time she enjoys quilting and scuba diving.

She was recently re-introduced to the Immunocal product by Diamond Consultant, Dorothy Bergendahl. Together they attended an Immunotec presentation by Platinum Consultant Jim Spencer. Diana was so impressed with what she learned about the science and medical research supporting the product that she decided to give it another try.

After taking Immunocal® Platinum she has had amazing results. "I really feel better and have more energy," says Diana. She is passionate about the products and

will never stop sharing them with others. Her team is a collection of friends and family... and their friends and families. As a leader her role is to help her team wherever needed and to teach them how to duplicate her path to success. Whether she is making a 3-way call with her team and a prospect; attending a bi-monthly meeting with her Upline, Diana says, "a team that works together grows together". Her goal is to get everyone to the point of receiving the product they use for free and in the process to see her team grow to Diamond by summer of 2011.

"I have made it my profession to help people benefit spiritually in life and I thoroughly enjoy the results. Now I have the opportunity to help people physically and I likewise enjoy seeing their positive results. The two go hand in hand." ☑

A TEAM THAT
WORKS TOGETHER
GROWS TOGETHER

TEAM EFFORT

To an avid bird watcher who loves to travel, there could be no better setting than **DONAL ELROY SMITH**'s home country: Bermuda. He is President, C.E.O. and Founder of Bermuda Emissions Control Ltd. His company was awarded a government contract in April 2009 to provide emissions and safety inspection tests for all licensed vehicles in Bermuda. With three testing facilities and a staff of 13, Donal is a focused and driven individual. While on a business meeting in Trinidad, his good friend Diamond Consultant Ambrose Carrington invited him to attend an Immunotec presentation by Executive Diamond Consultant, Dr. John Pounder. The meeting changed Donal forever. "After hearing a few testimonials at that meeting I was very interested in introducing the Immunotec line of great products to the citizens of my country." said Donal. One of the first people impacted was his wife of 29 years Nicole. After a commitment to Immunocal® Platinum, she had the

energy that she never had. His mother who had quadruple bypass surgery last year has belief that her fast recovery is attributable to Immunocal Platinum. With these personal testimonials and many other Immunocal success stories, Donal set out to bring this amazing line of products to his fellow citizens in Bermuda. His team, including Anthony "Keith" Davis, Greg Seymour, Italian Sousa, Anthony Davis, Henry Campbell and Anthony Forester has grown their sales volume to 120,000 points per month in the short time they have been in the business. When time permits, Donal assists each of his team members with their Immunotec presentations. His communication strategy consists of a combination of email and telephone calls to provide assistance and give encouragement. In addition, he hosts a meeting at his residence every two to three weeks. His team currently consists of 190 Consultants and his goal is to achieve 500 by January. ☑
